## Single-Stream Recycling Offered by MOST Recycling Collectors

It's so easy – most of the companies collecting residential curbside recycling collect in a “Single Stream” manner, meaning that most items can be mixed together in one recycling bin. Please check with your hauler to be sure of what is collected, however in general, most types of **plastics, paper (including magazines, catalogs, junk mail and cardboard), food & beverage glass and food & beverage cans** can all be placed in your recycling bin. Recyclables that contained food should be rinsed and any lids should be discarded. (Those haulers who don't offer single-stream still offer comingled recycling pickup which includes #1 and #2 plastics, food & beverage glass and food & beverage cans.)

### When is my collection day?

Check with your hauler to get your recycling pickup schedule.

## Tips for Identifying, Storing and Transporting a Hazardous Waste

### Identifying Hazardous Waste (and remember, electronics are considered hazardous too!)

The following warning words on a container can alert you to the hazardous nature of its contents:

**Danger, Poison, Toxic, Corrosive, Volatile, Flammable, Inflammable, Combustible, Explosive, Caution, Warning, Harmful, Oxidizer, Irritant, Environmental Hazard**

### Proper Use & Storage of Hazardous Materials

**MOST IMPORTANT:** Follow the directions on the label.

Ask the dealer or manufacturer to provide more explanation if needed.

Don't use more of the product than is recommended.

Never mix products; this can lead to explosions or poisonous gas being released.

Use hazardous products in well-ventilated areas and always use gloves, eye protection and air purifying respirators whenever warranted.

Never eat, drink or smoke where hazardous products are being used.

Keep products in their original containers.

If you do have to use a different container be sure to label adequately to prevent poisoning and for safe use and disposal.

Store all hazardous products upright, tightly sealed, and away from pets, children and food.

### Transporting Household Hazardous Waste to a Hazardous Waste Collection

Never mix different chemicals! Toxic fumes or an explosion can result and it prevents recycling of the materials.

Leave waste products in their original containers, and make sure caps and/or lids are securely closed. Gasoline is highly flammable and should only be transported in purpose-designed gasoline cans or containers. Do not transport hazardous wastes in the same portion of your vehicle as humans or pets.

If the original container is leaking or damaged, place the entire container in a larger container such as a clean paint can, plastic bucket, or wrap securely with plastic. If you wrap up a container so that the original label cannot be seen, mark the contents to the best of your ability, and be sure to tell the collection staff what the contents are.

Separate different types of waste, such as paints, motor oil, batteries, pesticides, acids, etc. Place containers upright in sturdy cardboard boxes or plastic trays, and pad with newspaper. You may also want to line your car with plastic before you pack the car.

Put containers in trunk or rear of your car, not on passenger seats. Come straight to the Hazardous Waste Collection to avoid any problems with the waste.

Don't eat, drink or smoke while handling household hazardous wastes. Wash your hands after handling these materials. Never put hazardous waste into trash bags or trash cans. Lids can come off causing chemicals to mix and possibly creating dangerous reactions.

## Backpacks and Birding Equipment

### Tip:

- The American Birder's Exchange Program takes new and used birding equipment and educational materials distributing it to colleagues working to conserve birds and their habitats throughout Latin America and the Caribbean.

## Barrels and Drums

Bakerstown Container  
1011 Middlesex St,  
Bakerstown  
724.443.7255

Thompson Scrap Metal  
Karns Rd, Natrona Heights  
724.224.3933

### Tip:

- Many auto wreckers and scrap metal yards will accept metal drums for scrap and will pay by the pound.

## Batteries, Auto

### Tips:

- Businesses that sell auto batteries are required by Federal law to take them back. Some have fees and some do not. Call a business near you to get more information.
- Butler County accepts auto batteries at its ongoing hazardous waste collections for a small fee. For more information on collection dates and details, call:

## Ceiling Tiles

- Give reusable tiles to:

Construction Junction  
214 N Lexington Ave  
Point Breeze  
412.243.5025

**[www.constructionjunction.com](http://www.constructionjunction.com)**

- Give away on Butler County's local Freecycle™ web site at:

**<https://groups.freecycle.org/group/ButlerPA/posts/all>**

### Tip for Recycling:

- Armstrong World Industries will send a sales representative to your construction site, verify that tiles can be recycled and will allow you to recycle a minimum of 30,000 sq. ft. through their program. For more info, please call 888.CEILINGS or visit **[www.ceilings.com](http://www.ceilings.com)** on the web.

## Cell Phones

## Christmas Lights

## Christmas Trees

### For Reuse:

- Victim Outreach Intervention Center (VOICE)  
724.776.5910  
724.283.8700  
(Phones programmed to dial only "911" and given to domestic abuse victims)

### For Recycling:

- Staples Office Supply Stores (nationwide)
- Best Buy Electronics (nationwide)

### Tip:

- Butler County accepts cell phones at its ongoing hazardous waste collections for a small fee. For more information on collection dates and details, call:  
724.284.5305  
[www.recyclebutler.us](http://www.recyclebutler.us)

### Tips:

- **[www.holidayleds.com](http://www.holidayleds.com)** accepts mailed-in Christmas lights and offers discount on new LED lights.
- Both Lowe's and Home Depot usually offer free Christmas light recycling at their front desks at certain times before Christmas. Check with your local store for more information.

### Tips:

- Several municipalities in Butler County offer curbside pickup or dropoff each year for their residents. Call your municipality for details.
- Certain landscaping / composting businesses offer dropoff after Christmas each year. This information will be found on [www.recyclebutler.us](http://www.recyclebutler.us) every year shortly before Christmas.
- You can recycle/reuse your tree to grow mushrooms and at the same time help reduce the tree into compost. See: [www.mushroommountain.com](http://www.mushroommountain.com)
- You can use your tree to build brush piles and wind rows that provide cover for birds and other wildlife.
- You can stand your tree outside after the holidays and decorate with homemade bird foods to help feed the wild birds during the cold winter season. Internet search: *Christmas tree bird feeder*

## Cigarette Waste

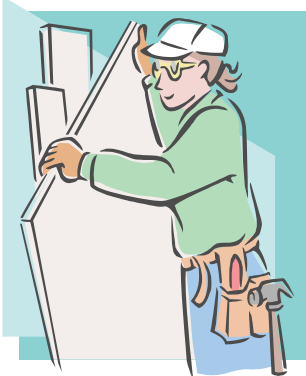

**Terracycle.com** has a free program for recycling cigarette waste. Check their web site for details.

## Paint

### Tip for Reuse:

Call local UPS, Ebay and other shipping service businesses.

### Tips for Latex Paint:

Latex paint is not considered hazardous once it is COMPLETELY dry. To get paint to dry:

- \* leave lid off can – small qty
- \* mix cat litter or saw dust and leave lid off until dry
- \* buy packet of paint hardener available at most paint sellers

Once COMPLETELY dry, latex paint can be disposed of with your regular household trash.

### Tips for Latex and Oil-Based Paints:

Butler County accepts all types of paint and paint-related products like turpentine, etc. at its ongoing hazardous waste collections for a small fee. For more information on collection dates and details, call:
