## 2021 Municipal Election: Write-In Results

---

### Important Notes:

- This document contains write-in results that were cast in the Municipal Election held on November 2, 2021. For a list of results where a candidate's name appeared on the ballot, please refer to the Election Summary Report, or individual Precinct Results reports on the [Bureau of Elections](#) page of the [Butler County](#) website.
- There were over 20,000 individual write-in votes cast in the 2021 Municipal Election. Names highlighted in **yellow** are the write-in winners as certified by the Butler County Board of Elections and reviewed by the Butler County Tabulation Board (*both bipartisan groups have three members and are separate from the Bureau of Elections*). Where applicable, write-in votes are calculated by the addition of election returns from multiple counties (*see the "Note" below for specific details*).
- The words "Scattered Results" found in this document are an election term that is used when no individual candidate receives enough votes to qualify in a specific race. This is important to note as voters often write in their own names, or family member names, just to see if they appear in the certified election returns along with candidates who run write-in campaigns. Similarly, names like "Mickey Mouse" also appear as write-ins in almost every election. If there are not enough total votes to qualify, these cases will all appear as "Scattered Results".
- Candidates who conducted write-in campaigns may request a list of the write-in votes for a specific race by filling out an information request form in the Butler County Bureau of Elections. [Please note that a Right-To-Know request is not generally necessary for this process.](#)

**NOTE:** The [Karns City Area School District](#) covers parts of Butler, Armstrong, and Clarion Counties, with [contests](#) in the school district appearing on ballots in all three counties. The combined certified totals from all three counties are required for the final totals to be calculated, certified, and posted. Similarly, the [Freeport Area School District](#) covers parts of both Butler and Armstrong Counties, with [contests](#) in the school district appearing on ballots in both counties. The combined totals for both counties are necessary for the final totals to be calculated, certified, and posted.
