

Republican Committee People Write-In Results

Results are listed in precinct order. If the individual receiving the most votes was on the ballot, the name is listed as "Ballot Winner." If no individual was on the ballot and no individual received at least 10 write-ins, the name is listed as "No Declared Winner." If an individual's name is listed, the total number of write-ins they received is listed under the total section.

Any individual listed below that is a registered voter will receive a letter to indicate whether they accept or decline the position. No individual has accepted the write-in nomination at this time. Once nominations are accepted, certificates will be provided to the Butler County Republican Committee's state recognized representative. The Butler County Republican Committee will disperse the certificates.
